

PROJECT COMMITMENTS

**US 52 Operational Improvements
From I-40 Bypass to NC 65
Forsyth County, North Carolina
Federal-Aid Project No. NHF-52 (4)
State Project No. 8.1622801**

**WBS No. 34871
TIP Project No. U-2826B**

In addition to the Section 404 Conditions, Nationwide Permit Conditions, Regional Conditions, State Consistency Conditions, Section 401 Conditions of Certification, and measures detailed in NCDOT's *Best Management Practices for the Protection of Surface Waters*, the following special commitments have been agreed to by NCDOT:

Roadside Environmental Unit and Division 9

1. During design and construction, efforts will be made to minimize the impact to existing vegetative buffers and natural areas. NCDOT will coordinate with the City of Winston-Salem regarding post construction landscape design/corridor plan as warranted to mitigate construction impacts and integrate enhancements, while remaining sensitive to the environment and to the safety of the traveling public.

Project Development and Environmental Analysis Branch, Roadway Design Unit and Intelligent Transportation Systems Section

2. During design, NCDOT will coordinate with SHPO for the placement of the ITS improvements.

Division 9

3. NCDOT will coordinate with local media during the construction of the project to alert the public of traffic restrictions and construction related activities.

Project Development and Environmental Analysis Branch and Right Of Way Branch

4. SHPO and NCDOT will insure that the uneconomic remnant at 143 Martin Luther King Jr. Drive is disposed of in a way that does not adversely affect the East Winston Historic District.
