B. Project Overview

Please provide the following information.

APPROACH (7 POINTS)

B.1. Provide a concise description of the proposed project/program, indicating specifically how City funds will be used. Briefly, what are the goals/objectives of the project/program?

The Winston-Salem Urban League proposes the Summer Youth Employment Program (SYEP). The SYEP provides career and employment training services for low income at risk teenagers. The SYEP provides participants, ages 15-19 with customized summer internship experiences through the use of subsidized career placements throughout Winston-Salem. Participants have the opportunity to engage in work and/or work-related project activities, learn fundamental job readiness skills and gain world-of-work awareness through meaningful placement experiences.

There is the potential to place 126 interns with local employers throughout the summer while providing interns mentorship and training in their academic and career choices. This program is an operating project. The total cost to the City will be \$165,000. City funding will provide \$124,740 to fund up to 126 summer internships per year. Interns will spend 20 hours per week at their placements earning \$8.25 per hour over the course of six weeks. The City funding will provide \$40,260 to cover marketing, materials, supplies, staff and administrative costs. The program period covers the entire fiscal year - July to June. This funding approach allows the Winston-Salem Urban League to better manage marketing, applications and training necessary for the upcoming program year.

B.2. How will a participant access the proposed project/program, use the services, and derive a beneficial outcome from participation?

Program applications will be made available online through the Winston-Salem Urban League's program staff, the Urban League's website, partnerships with faith-based institutions, community partnerships, and through the administration and guidance departments of all high schools in the Winston-Salem/Forsyth County Schools. Through the application process, applicants will be prompted to indicate their fields of interest and career goals to facilitate the appropriate training placement. Before program enrollment, all qualifications will be verified and benefits will be determined based on the City of Winston-Salem's income guidelines.

Once admitted, each participant will intern with a local business, nonprofit or government organization for 20 hours per week over a six week period. In return, each participant will receive a stipend, paid at a rate of \$8.25 per hour, for a total of \$990 over the course of the six week program.

NEED (7 POINTS)

B.3. Describe the unmet need that the proposed project/program seeks to address. Include data supporting the need.

Historically, prior to enrolling in SYEP, many participants did not have the same access to skills development, internships and networking opportunities as their more advantaged peers. In 2020, the North Carolina Department of Commerce reported a 34.7% peak unemployment rate for young adults, ages 16 to 24. Certainly this high was related to the COVID-19 pandemic but WSUL's conversations with local employers confirms that young adults often miss out on employment opportunities because they frequently lack job-ready skills. This is related both to training and education. WSUL's State

of Black Winston-Salem report showed that seven out of 10 black and Hispanic/Latino high school students failed basic reading and math performance exams. Training such as the programming provided in the SYEP can assist students in bridging the employability gap. The activities as part of SYEP also helps to address learning loss during the summer months, as interns will be exposed to real-life scenarios and opportunities that require engagement with precepts taught in the academic year.

COLLABORATION (6 POINTS)

B.4. Describe any specific collaborative relationships with other organizations (public or private) and how they will impact the project/program. How will collaboration contribute to the planning, implementation, operation, oversight, and performance measurement of the proposed project/program?

The Winston-Salem Urban League has developed partnerships with both the public and private sectors including the WS/FC Schools, the Winston-Salem Chamber of Commerce, the Downtown Winston-Salem Partnership, Winston-Salem State University (WSSU) and WSSU Society of Human Resource Managers (SHRM) Chapter, Wake Forest University, High Point University, Forsyth Technical Community College, NC Institute of Minority Economic Development, NC Workforce Development, and North Carolina Department of Commerce Division of Workforce Solutions. Additionally, WSUL works with a network of approximately 80 corporate and nonprofit executives who represent the major employers in the area. These professionals provide technical assistance and resources to assist the Urban League in designing employment and training programs from the perspective of employers and conducting training seminars for program participants. In order to effectively address all the social and emotional needs that impact intern performance, we have strategic partnerships with Forsyth County to provide a mental health seminar targeted to the demographic served by the program. Other collaborative opportunities include interaction with the Winston-Salem Police Department, life-skills simulations, and motivational presentations by invited guests.

C. Strategy and Performance

C. Strategy and Performance

Please provide the following information.

STRATEGY (5 POINTS)

C.1. The City of Winston-Salem's strategic priorities, adopted most recently in the [2017-2021 Strategic Plan \(2019 Update\)](#) and under review for adoption by City Council for FY 2022 - FY 2025 Strategic Plan, are used as guiding principles to establish community priorities based on the vision, mission, and values set forward by the Mayor and City Council.

Indicate which of the City's strategic focus areas your program aligns with best (select one):

Economic Vitality and Diversity

C.2. Select the service area(s) that your project/program relates to:

- Housing/Homelessness
- Economic Development
- Construction Rehabilitation
- Poverty Reduction
- Arts and Culture
- Youth
- Public Safety
- Transportation
- Other

PERFORMANCE (15 POINTS)

C.3. Describe the system to be used to track participant and program data. List any key reports and their frequency that will be used to capture project/program performance.

The SYEP staff members will be in regular contact with internship host sites and program participants. Staff will require evaluations from both host sites and teen participants to determine the fit of the interns, the intern's growth and ongoing contributions to the host site, and the host site's overall satisfaction with the program. Participants will have weekly opportunities to check in with the staff concerning their host site placement. Staff will schedule host site visits, and will conduct some unplanned visits when deemed necessary.

C.4. Explain the steps that will be taken if the stated program goals provided in C.3. are not achieved.

If the original goals are not achieved, the Urban League will be prompt and fair in rectifying any challenges. For example, if we are reaching the deadline for the start of the program and we have not met our enrollment goal, extra

attempts will be made to seek out individuals who would be a good fit for the program. With a commitment to adaptive learning, if in the middle of the program we feel that a number of our interns lack a certain skill, we will devote a special training session to addressing that skill. If near the end of the program we find that our number of successful interns is under our set goal, it will not be for lack of involvement by program staff. In the past, we have been effective at quickly identifying challenges confronting interns, organizations, or matches and remedying them to the guidelines and standards laid out by the program and our organization. Our primary goal is to prepare our interns for futures in their desired field. However, if it does not work out with a particular intern or sponsor, we will determine what went wrong and include that in our report at the end of the program, to avoid the same happening in the next year.

C.5. Use the chart below to show how your agency measures program effectiveness. List goals, activities, and performance measures you will use to evaluate services, facilities, and programs that will be funded by the City. Performance measures can be quantitative and/or narrative.

Applicants will be reimbursed funds based upon timely submissions of eligible invoices. These invoices should describe services rendered and should align with the goals and objectives cited here. Where outcomes do not align with goals, please be prepared to provide a written summary of shortcomings.

C.6. FY 21-22 Program Accomplishments

SYEP grew dramatically over the previous program year. In the 21-22 and 20-21 program years, SYEP had 44 and 40 participants respectively. However in 22-23, there were 79 program participants. 100% of participants returned to school, entered college or the workforce; 100% of participants managed to avoid negative interactions with law enforcement; 100% of participants developed resumes.

C.7. FY 22-23 Key Objectives

Similar to previous years, it is our goal that 100% of participants return to high school, enter college or the workforce; 100% of participants avoid negative interactions with law enforcement; and 100% of participants develop resumes. Additionally, we seek to continue the path to full service by enrolling 126 interns.

D. Organizational Capacity

Please provide the following information.

MISSION (5 POINTS)

D.1. Provide an overview of the organization. Include the organization's mission statement and the major services, programs, and activities provided. How does the proposed project/program help advance the mission of your organization?

The Winston-Salem Urban League (WSUL) was founded through the efforts of Mayor James G. Hanes. Hanes, concerned about negative race relations, led a survey of the state of race relations in 1947. The study was conducted by the National Urban League and funded by the Rockefeller Foundation. The "Community Relations Project" was formed as a result. This organization evolved to become the Winston-Salem Urban League. The Winston-Salem Urban League was formally organized in 1953 and was chartered as an affiliate of the National Urban League in 1955. Today, the Winston-Salem Urban League is a member based organization led by a community board. The League manages approximately \$1.5 million dollars in program funding, touching the lives of tens of thousands of residents across 13 North Carolina Counties.

WSUL's largest program is the Senior Community Service Employment Program, a federally funded program that provides training and job placement for low-income unemployed seniors. As many as 120 Seniors across 11 counties gain on the job skill by engaging in a paid internship while seeking full time paid employment with the assistance of Urban League staff.

The Summer Youth Employment Program provides as many as 150 low to moderate income teenagers with leadership development opportunities, life skills, career training and college exploration.

Hire UP is the Winston-Salem Urban League's workforce development and employment service program. Hire UP provides job skill training, resume development, job search, interview preparation, and access to computer equipment and business services including copying and faxing

FUNCTION (5 POINTS)

D.2. How long has your organization been in operation?

We have been serving the community for 75 years. We began operating informally in 1947. We were formally organized in 1971.

D.3. How does your organization benefit and serve the City of Winston-Salem and its citizens?

The Winston-Salem Urban League serves low and extremely low income residents in Winston-Salem. We provide workforce development and skills training to teens and seniors. We provide mental health support services. We provide nutrition support to seniors and disabled residents. We operate 2 computer labs in an effort to end the digital divide. We operate a voter recruitment and entrepreneurship program.

Describe the hiring process and how it is structured to provide the most diverse candidate pool. Best practices for accessing a diverse hiring process and candidate pool include:

Generally, WSUL advertises all positions. We advertise positions in diverse publications such as the Chronicle and Que Pasa. We work with organizations that serve diverse populations and work to recruit from their roles. Finally, we manage an employment opportunity e-list. Many of the candidates on the e-list come from diverse backgrounds

ABILITY (5 POINTS)

D.11. If this is an application for new funding, please describe the steps your organization will take to establish an action plan for successful program launch, including appropriate stakeholder training and coordination. Articulate a clear methodology for service delivery within the context of established goals and include a timeline of key action items and approximate dates for delivery.

N/A

D.12. Describe your organizations' past success with flexibly responding to unforeseen events, which had the potential to negatively impact deliverables. What were best practices learned, if any? How would you successfully use these practices with the proposed program, if necessary?

In both the 20-21 and 19-20 program years, WSUL had to adapt to insure successful program delivery while in the heat of the COVID-19 pandemic. In both years, we downsized the program to allow for social distancing, adopted aggressive masking policies and pandemic protocol and hosted multiple activities virtually. We learned to quickly and adjust programming and policies to insure participant safety. As a result, each year was successful and resulted in strong outcomes for participants. We expect to use similar processes in the upcoming year.

D.13. How does your program's policies/procedures ensure fair treatment, equitable access, and utilization of benefits for all persons, particularly marginalized and underserved groups and communities (i.e., marketing, outreach, eligibility determination and appeals)?

The Winston-Salem Urban League has a strict policy on non-discrimination. Further, we engage in an aggressive marketing program to spread the opportunities to as many people as possible. We have policies and procedures for hiring and program participation that have been reviewed and audited by the National Urban League for general soundness and legal status.

E.2. Has the City of Winston-Salem provided funding in the past? If so, provide a funding history of the most recent five years of City contributions in the table below.

| Year | Funding Source | Funding Amount |
|------|----------------|----------------|
| 2022 | CDBG/HOME | \$165,000.00 |
| 2021 | CDBG/HOME | \$165,000.00 |
| 2020 | CDBG/HOME | \$165,000.00 |

| 2017 | CDBG/HOME | \$150,000.00 |
| 2016 | CDBG/HOME | \$151,000.00 |

E.3. Complete the table below to show specific details of proposed City funding and other leveraged funding for the proposed project/program. List each additional funding source for the program.

| Activity | Funding Requested from City | Funds from Other Sources | Other Funds Source |
|------------------------------------|-----------------------------|--------------------------|------------------------|
| Intern stipends | \$124,740.00 | \$0.00 | n/a |
| Program staffing and program costs | \$35,260.00 | \$5,000.00 | Wake Forest University |
| Admin costs | \$5,000.00 | \$0.00 | n/a |
| | \$165,000.00 | \$5,000.00 | |

E.4. For each activity and line item above, please provide a short but detailed description of how City resources will be used to carry out proposed programming.

Intern salaries are used exclusively to pay stipends to program interns. Program costs covers WSUL staffing, equipment, supplies, technological needs and background checks among other things. Administration covers the cost of payroll and fiscal management.

E.5. Where another stakeholder or agency is providing non-monetary assistance with a particular aspect of your programming, please provide a short description of those activities and how they will supplement the use of City funds.

In previous years, Wake Forest University has provided an intern to support our work. We value this contribution at approximately \$5,000.

E.6. If this year's request is different in any way (amount, activities, etc.) from a prior year's request, explain how

and why. If you are a new applicant, please describe how you would adjust your project/program if your funding request is not funded at the full amount.

There is no change relative to the previous year.

SUSTAINABILITY (7 POINTS)

E.7. Describe the plan to sustain the project/program funding in future years. Include information about other funding sources to leverage City funds requested.

Each year we seek contributions from host sites and local foundations. We will continue this effort, initially to augment program, but with the eventual goal of providing full or partial program funding.

BARRIERS (3 POINTS)

E.8. Describe any potential programmatic barriers to project implementation (e.g. recruitment or outreach challenges, etc.) and your plans for overcoming them.

We don't anticipate any barriers in implementing the program.

E.9. Describe any institutional barriers to project implementation (e.g. staff vacancies, pending departures, etc.) and your plans for overcoming them.

We don't anticipate any barriers in implementing the program.

AVERAGE COST (5 POINTS)

E.10. Use the table below to show the average amount of City funds requested per beneficiary to be served during the year and the average total cost of the service per beneficiary to be served during the year (including all funding sources)
