

### 2013 Ranking of Cities with Populations of 10,000 or More

Based on All Reported Crashes From January 1, 2011 through December 31, 2013

\*\*In 2013, VMT data (Vehicle Miles of Travel) for larger cities became available\*\*

\*\*Crash rates based on this data are now a part of the rankings for cities with populations 10,000+\*\*

\*\*Please note that some cities were more affected by this change than others\*\* increase or decrease) after incorporating the new VMT data\*\*

\*\*Highlighted cities are those that moved at least 10 spots in the 2013 rankings (either increase or decrease) after incorporating the new VMT data\*\*
