COUNTY ORDINANCE - GENERAL USE

Zoning Petition of Weidl Properties, LLC, Docket F-1577

AN ORDINANCE AMENDING  
THE FORSYTH COUNTY  
ZONING ORDINANCE AND THE  
OFFICIAL ZONING MAP OF THE  
COUNTY OF FORSYTH,  
NORTH CAROLINA

---

BE IT ORDAINED by the Board of County Commissioners of the County of Forsyth as follows:

Section 1. The Zoning Ordinance of the *Unified Development Ordinances* of the County of Forsyth, North Carolina, and the Official Zoning Map of the County of Forsyth, North Carolina, are hereby amended by changing from AG to RS20 the zoning classification of the following described property:

PIN# 5896-09-0291

Section 2. This ordinance shall become effective upon adoption.

**CITY-COUNTY PLANNING BOARD  
STAFF REPORT**

PETITION INFORMATION			
<b>Docket #</b>	F-1577		
<b>Staff</b>	<a href="#">Gary Roberts, Jr. AICP</a>		
<b>Petitioner(s)</b>	Weidl Properties, LLC		
<b>Owner(s)</b>	Same		
<b>Subject Property</b>	PIN# 5896-09-0291		
<b>Address</b>	The undeveloped site does not have an address assignment.		
<b>Type of Request</b>	General use rezoning from AG to RS20		
<b>Proposal</b>	<p>The petitioner is requesting to amend the Official Zoning Maps for the subject property <b>from</b> AG (Agricultural – 40,000 sf minimum lot size) <b>to</b> RS20 (Residential, Single Family – 20,000 sf minimum lot size).</p> <p><b>NOTE:</b> General, special use limited, and special use district zoning were discussed with the petitioner(s) who decided to pursue the rezoning as presented. With a General use, all uses in the District must be considered.</p>		
<b>Neighborhood Contact/Meeting</b>	See Attachment C for a summary of the petitioner’s neighborhood outreach.		
<b>Zoning District Purpose Statement</b>	The RS20 District is primarily intended to accommodate single family detached dwellings in suburban areas and may also be applicable to older, large lot development constructed prior to the effective date of this Ordinance. The district is established to promote orderly development in areas where public water is available. This district is intended for application in GMAs 2, 3 and 4.		
<b>Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)</b>	<b>(R)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)?</b>		
	Yes, the subject property is located in a suburban setting within GMA 3. The site is also served with public water service and it is adjacent to other RS20 zoned property.		
GENERAL SITE INFORMATION			
<b>Location</b>	East side of Chickasha Drive, north of Robinhood Road		
<b>Jurisdiction</b>	Forsyth County		
<b>Site Acreage</b>	± 10.01 acres		
<b>Current Land Use</b>	The site is currently undeveloped.		
<b>Surrounding Property Zoning and Use</b>	<b>Direction</b>	<b>Zoning District</b>	<b>Use</b>
	North	AG	Undeveloped property and a single family home
	East	AG & RS20	Undeveloped property and single family homes
	South	AG	Single family homes
	West	AG	Undeveloped property and a single family home

<b>Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)</b>	<b>(R)(2) - Is/are the use(s) permitted under the proposed classification/request compatible with uses permitted on other properties in the vicinity?</b>					
	Yes, the uses allowed in the proposed RS20 district are the same as the uses permitted on the adjacent RS20 zoned properties and similar to the uses permitted on the adjacent AG zoned properties.					
<b>Physical Characteristics</b>	The southern third of the site is cleared pastureland. The northern two thirds is heavily wooded and has some steeper topography sloping downward toward the northeast.					
<b>Proximity to Water and Sewer</b>	The site has access to public water service but not to public sewer service.					
<b>Stormwater/ Drainage</b>	No known issues.					
<b>Watershed and Overlay Districts</b>	The site is not located within a water supply watershed.					
<b>Analysis of General Site Information</b>	The subject property is located in a low-density residential setting. Public water service is available; however, public sewer is not available. The site does include some steep topography on the northeastern portion. There are no designated floodplains or watersheds on the site.					
<b>RELEVANT ZONING HISTORIES</b>						
Case	Request	Decision & Date	Direction from Site	Acreage	Recommendation	
					Staff	CCPB
F-1450	AG to RS20-S	Approved 5-8-2006	2,500' to the northwest	38.53	Approval	Approval
<b>SITE ACCESS AND TRANSPORTATION INFORMATION</b>						
Street Name	Classification	Frontage	Average Daily Trip Count	Capacity at Level of Service D		
Chickasha Drive	Minor Thoroughfare	944'	1,300	15,300		
<b>Proposed Access Point(s)</b>	Because this is a general use request, the exact location of access points is unknown. The site is currently accessed from Chickasha Drive.					
<b>Trip Generation - Existing/Proposed</b>	<p><u>Existing Zoning: AG</u> 10.01 acres / 40,000sf = 10 homes x 9.57 (SFR Trip Rate) = 96 Trips per Day</p> <p><u>Proposed Zoning: RS20</u> 10.01 acres / 20,000sf = 21 homes x 9.57 (SFR Trip Rate) = 201 Trips per Day</p>					
<b>Sidewalks</b>	There are no sidewalks located in the general area.					
<b>Analysis of Site Access and Transportation Information</b>	Staff notes that the beltway is proposed to be located approximately 900' to the east of the subject property and a future interchange with Robinhood Road is proposed approximately 3,000' to the south. Otherwise, staff not foresee any transportation related issues associated with this request.					

<b>CONFORMITY TO PLANS AND PLANNING ISSUES</b>	
<b>Legacy 2030 Growth Management Area</b>	Growth Management Area 3 - Suburban Neighborhoods
<b>Relevant Legacy 2030 Recommendations</b>	<ul style="list-style-type: none"> <li>• Encourage development in areas with existing infrastructure before extending infrastructure farther.</li> <li>• Encourage a mixture of residential densities and housing types through land use recommendations.</li> <li>• Protect and conserve agricultural land in Forsyth County.</li> </ul>
<b>Relevant Area Plan(s)</b>	<i>West Suburban Area Plan (2012) West Suburban Area Plan Update</i> (Planning Board recommended adoption on April 12, 2018)
<b>Area Plan Recommendations</b>	<ul style="list-style-type: none"> <li>• The property is shown on the Proposed Land Use Map for low-density residential use (0-5 dwelling units per acre on the existing plan) and 0-8 dwelling units per acre on the draft update plan.</li> </ul>
<b>Site Located Along Growth Corridor?</b>	The site is not located along a growth corridor.
<b>Site Located within Activity Center?</b>	The site is not located within an activity center.
<b>Comments from the Town of Lewisville</b>	The Town of Lewisville has stated that they are interested in discussing annexation with the developer.
<b>Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)</b>	<b>(R)(3) - Have changing conditions substantially affected the area in the petition?</b>
	No
	<b>(R)(4) - Is the requested action in conformance with Legacy 2030?</b>
	Yes
<b>Analysis of Conformity to Plans and Planning Issues</b>	<p>The request is to rezone an undeveloped 10 acre tract from AG to RS20. The site is located within a pocket of AG zoned land which is primarily surrounded by single family residential zonings which allow smaller lots (See Attachment D). These districts range from RS9 to RS30. The site is also located within the Suburban Neighborhoods Growth Management Area where AG zoned property is typically not located. Finally, as noted previously, the site is adjacent to other RS20 zoned property and it is served with public water service.</p> <p>In consideration of all of these factors, staff recommends approval of the request.</p>
<b>CONCLUSIONS TO ASSIST WITH RECOMMENDATION</b>	
<b>Positive Aspects of Proposal</b>	<b>Negative Aspects of Proposal</b>
The site is located within the Suburban Neighborhoods GMA.	The site does not have access to public sewer service.
The site is served with public water service.	

The site is adjacent to other RS20 zoned property.	
The request is consistent with the purpose statement of the proposed RS20 district.	
Staff sees no negative transportation related issues related to this request.	

**STAFF RECOMMENDATION: Approval**

**NOTE:** These are **staff comments** only; final recommendations on projects are made by the City-County Planning Board, with final decisions being made by the appropriate Elected Body, who may approve, deny, table or request modification for any project. **THE APPLICANT OR REPRESENTATIVE IS STRONGLY ENCOURAGED TO ATTEND THE PUBLIC HEARINGS WHERE THE CASE WILL BE CONSIDERED BY THE PLANNING BOARD AND THE ELECTED BODY.**

# CITY-COUNTY PLANNING BOARD

## PUBLIC HEARING

### MINUTES FOR F-1577

### MAY 10, 2018

#### PUBLIC HEARING

FOR: Alex Carter, 503 High Street, Winston-Salem, NC 27101

- The jurisdiction for Lewisville is just to the west of the proposed site. Lewisville has a plan that they just posted that shows the existing zoning. Our site is in the center surrounded by AG, RS20, RS9, RS30, and the transportation corridor.

Lewisville's future land use map showing how the area has been forecasted and planned for residential use was also presented.

AGAINST: Bob Alsup, 940 Kenleigh Circle, Winston-Salem, NC 27106

- My family has owned land off of Chickasha Drive for 50 years, soon to be the fourth generation.
- I greatly respect all of your comments, but I profoundly disagree with the comment on the handling of traffic. The bottom line is I respect the development, but we are in a major crunch handling traffic. Now we have 60 more acres going on Glad Acres, with 92 proposed units. We have a new middle school going up at the previously mentioned site. I use this as an opportunity to ask that we consider whether we are headed in the right direction. Have we really thought through where the traffic is going?
- From the point of view of those of us who live on Chickasha Drive, the question is: Can Chickasha handle more development? It is already a cut-through. The average speed isn't 45, it's probably between 45 and 70. People speed, there's road rage, there are short tempers, there's huge backup at the Vienna Elementary School at pickup and drop-off and now we're going to increase the numbers and density of traffic.
- My message is simply to say there will be change and people need places to live, but we really have not adapted to the safety, the access of schools, the access of work, and the access of town. When are we going to address some of that? I went to the meeting of Glad Acres at the Town of Lewisville and it was not addressed.
- If nothing else, it made me read the *Legacy 2030* Plan and the county Farmland Protection Plan and the themes are unbelievably redundant: Safety, quality of life, balanced development, balanced agriculture with our day-to-day city and workday lives, and safety of children.

Bob Biskeborn, 1475 Chickasha Drive, Pfafftown, NC 27040

- My wife and I live immediately south of the property and have been impacted heavily.
- There is a huge population of wildlife in the area. The deer cross the road to go to the lake to drink, and with all the traffic and development, that will be disrupted. The coyotes have kept the deer population very manageable. One neighbor that could not be here tonight has spent years feeding the wildlife. It is an amazing theater to watch out there.
- There is an equestrian center nearby and their concern is that if the deer population decreases, coyotes will start attacking their horses.
- The alligator turtle, which is on the endangered species' list, also lives there.
- Traffic has overwhelmed the area with another new school. When parents pick up their children, they just park in the road. There was an occasion where emergency vehicles were not able to get through that area because of the cars parked in the road.
- They widened Chickasha 12 inches and raised the speed limit 10 miles per hour. Since widening the road, traffic is 55-60 miles an hour now. To add more traffic onto that road would be a huge problem.

Jerry Loflin, 5856 Tomahawk Road, Winston-Salem, NC 27106

- Our property has been in the family for 170 years and we would like to keep it that way.
- My biggest concern is the creek branch there, it slopes upwards in the middle of this property that drops down to a lower level, and I'm concerned about runoff and what is going to happen with all the septic tanks. What's going to happen to that branch and water in the creek, along with the animals that were mentioned?
- I don't have a problem with low residential. I wish they would consider not putting that much up there. Traffic is heavy density everywhere out there.

## **WORK SESSION**

During discussion by the Planning Board, the following points were made:

- It was noted that the dark green areas shown on Lewisville's map as Conservation Areas would be conserved as buffers along streams.
- Note was made that the *West Suburban Area Plan* could include such areas for conservation of wildlife.
- Chris Murphy reminded the Board that a lot of the areas discussed are in the UDO and off limits for development because they are floodplains and that there are associated buffer areas with the streams. Including such recommendations is something that could be looked at more closely in the future.
- Generally, wildlife corridors are maintained in rural areas by the requirements, although corridors are often more narrow and sometimes not connected.
- There is a real need for conservation, but Growth Management Areas and area plans are in place for a reason. It's difficult to tell a developer they can't rely on those plans. Our zoning process shouldn't be used to restrict a property owner's use if they meet the requirements.

- *Legacy* talks about preserving the rural character of the county, but we don't have current tools to do that. The updated comprehensive plan should include specific tools to protect wildlife corridors and preserve the agricultural land we have left.
- Chris Murphy stated that while this property is zoned agricultural, it is not in the rural area in *Legacy's* Growth Management Plan -- it is in GMA3. It was felt RS20 would be most appropriate here due to the fact there is no sewer available and there would be 0-5 units per acre.

MOTION: Brenda Smith moved approval of the zoning petition.

SECOND: Arnold King

VOTE:

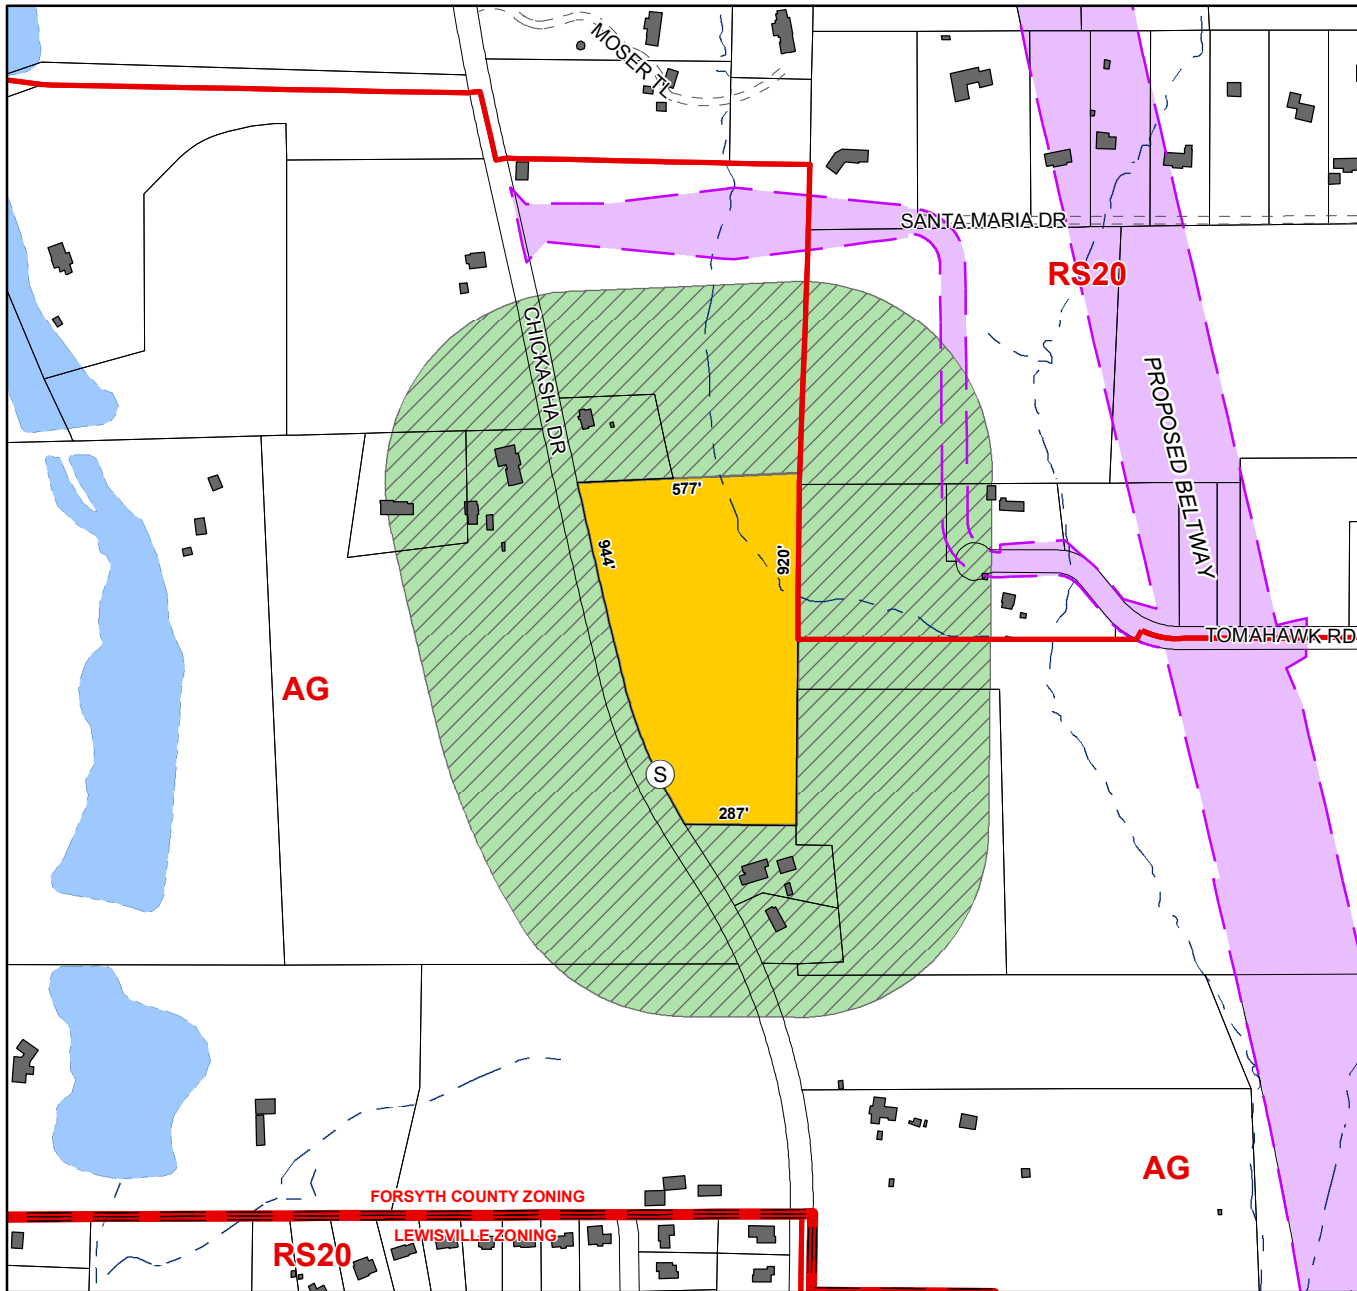

FOR: Melynda Dunigan, Jason Grubbs, Arnold King, Chris Leak, Johnny Sigers, Brenda Smith

AGAINST: None

EXCUSED: None

RE: CHICKASHA (F-1577) COMMUNITY OUTREACH

Mr. Roberts –

A mailer was prepared and sent via regular mail on April 16, 2018 to all property owners within 500' of the proposed rezoning site. The letter contained background information regarding the proposed rezoning request, general information about the rezoning process (available on the planning website), and an email address for receiving comments.

As of May 1, 2018, we have received no comments supporting or opposing the proposed rezoning.

A sample letter and copy of the response letter received is attached for your records.

Sincerely,

Alex Carter, PE

RE: INFORMATION ON PROPOSED REZONING CASE #F-1577

Dear Larry Sult:

Neighborhood outreach is a requirement for rezoning or site plan amendment requests filed where the subject property is located within 500' of residentially zoned property. I am reaching out to you today to provide background information and offer an opportunity to present comments on the above mentioned proposed rezoning case located within 500' of your property.

#### BACKGROUND

The rezoning proposal is for a 10.01+/- acre property from AG to RS20. The purpose of the RS20 district is primarily intended to accommodate single family detached dwellings in suburban areas. The district is established to promote orderly development in areas where public water is available. This district is intended for application in GMAs 2, 3 and 4.

You can find mapping and planning staff information regarding the site by going to the City of Winston Salem website ([cityofws.org](http://cityofws.org)) and entering "F-1577" in the search bar. This information is generally posted around the 15<sup>th</sup> of each month.

#### COMMENTS

Please send all comments you may have to [Chickasha2018@gmail.com](mailto:Chickasha2018@gmail.com). We will summarize all comments received and provide them to the planning staff at least eight (8) days prior to the scheduled Planning Board meeting.

Additional information provided by City of Winston Salem planning staff regarding the rezoning process is included. Please read over this information and direct any questions you may have to the contact listed on the information sheet.

Thank you and we look forward to hearing your comments,

Beeson & Carter, PA for  
Weidl Properties, LLC

May 1, 2018

Dear Mr. Roberts,

I appreciate your speaking with me regarding the zoning request change on the 10.01 acres on Chickasha Drive (Zoning docket F-1577). We own land within 500 feet of the proposed zoning request. I have also been in touch with the owners of homes and land fulfilling the same criteria.

I shall list below my primary concerns regarding this zoning change proposal in hopes of influencing further decisions regarding land use in the area involved and beyond, at the same time considering short and long term effects.

1. At the present time traffic flow is a major issue. Robin Hood Road is handling the traffic from the Lewisville and Pfafftown and areas west, that choose not to use HW 421 or other options. Multiple developments from the Muddy Creek areas and west along the Robin Hood corridor have greatly contributed to an increased traffic flow. The congestion around the Brookberry development on Meadowlark is a good example. I ask that appropriate persons with the planning division study these areas particularly from 7-9 AM and from 4-7 PM. The congestion, frustration, and time demand to travel is very real and daily the congestion backs up nearly to Muddy Creek as cars enter town. The same problem exists as traffic heads home out Robin Hood back to the west. Congestion around the Jefferson Middle School is evident as well.
2. Chickasha Drive is the main road to access the Lewisville-Vienna Elementary School from Robin Hood and has become a major cut through for traffic attempting to short circuit routes to Lewisville and HW 421 as well as from Yadkinville Rd to Robin Hood and vice versa.
3. A new development called Glad Acres has been approved involving 63 acres of land at the junction of Chickasha and Robin Hood. This is sited for 92 lots/homes with a single entrance and exit road in and out of the development.
4. A new middle school is being planned for the land bordering Robin Hood and Lewisville-Vienna Road and ultimately a new elementary school in the same area is on long term planning.
5. The western leg of the Beltway will be running less than 1/16 of a mile from the back of the land that is undergoing re-zoning and a major exit/entrance ramp is on Chickasha within several hundred yards of the F-1577 development.
6. No sewage is presently available on Chickasha.

Summary and personal statement:

1. The immediate concern is whether the residents living in the proposed new housing development can really be offered the security of safe, efficient, and optional traffic flow patterns that would complement the tasks of completing their day to day needs.
2. Intermediate and long term concerns are best delineated in the eloquently stated goals and mission statements of our Legacy 2030 as well as the Forsyth County Farmland Protection Plan. Have we looked seriously enough into the options of a less dense housing plan/zoning? Are

there options for preserving the agricultural and forested land that would help preserve our heritage and character of our rural landscape? Have conservation easements or land purchase options been offered? The re-zoning of this 10 acre tract may in all likelihood go forward, but let it be a reminder for us to look at how developments all along this Robin Hood road region are significantly effecting the lives of all us living there, that the balanced preservation of rural land (forest, farm, and open) is certainly in question as we look at the entire picture, and that we regularly need to revisit the wonderfully stated goals of the Legacy and Farmland preservation visionary goals for preserving the character of these rural lands.

I thank you for your time and attention. Robert M. Alsup
